Term life insurance that's fast, easy and affordable

## Life's not always easy, but your life insurance can be

It may seem daunting to plan for tomorrow when today feels so hectic. That's why we created SwiftTerm. It's term life insurance so easy, you can apply for it over morning coffee and you could have coverage by your second cup.

### Our process is online—from application, to offer, payment and policy delivery—with three potential underwriting paths:

- 1 Instant coverage**  
If you qualify, you could get coverage in as little as 18 minutes. Premium payment is required for coverage to be in effect.
- 2 Accelerated underwriting**  
If we have questions about your medications or your health history, it may take a little longer to get coverage—typically one to three days—and if you qualify, you'll receive a secure link to complete the process.
- 3 Full underwriting**  
Certain conditions may require a medical exam. But we make scheduling it easy—you can do it online. If you qualify, you'll be able to complete the process where you left off, and you could have coverage within 30 days.

Let's take a closer look at the process.
